Press Release

The Albanian Competition Authority (ACA) selected by OECD-GVH / RCC as the host country to co-organize the seminar "Merger Control Investigation" on 19-21 June 2018, at the premises of Hotel Rogner.

The main topic of this seminar will be the enforcement of the Law no. 9121/2003 "On Protection of Competition", amended, in mergers control assessment.

OECD-GVH / RCC selected Albania as the host country for this seminar, as results of the contribution that the Albanian Competition Authority gave over the last year to international relations between the competition authorities.

Representatives from 27 homologous Competition Authorities from Europe and Asia participated in this seminar.

The seminar opened by the welcoming speech of the Chairwoman of the Competition Authority, Mrs. Juliana Latifi, who welcomed Albania's selection for this event, and estimated the importance of international co-operation in the field of competition.
